2. School Enterprise Challenge 2026-27: an opportunity for school students to develop entrepreneur skills. Students take the lead to develop a business idea and go on actually practicing it that generates real profits, which they can use to support their school, wider community or a social cause. During the course of the program, students learn about business (market research, financial literacy, etc.) and they also develop essential life skills (communication, problem solving, leadership, etc.). Registration google form for the SEC 2026 and Training of AMs will be planned and shared separately.

3. Khula Aasmaan –An international online art contest is a unique drawing, painting and art competition designed to encourage creative expression. Students for all age groups can participate. Link: <https://www.indiaart.com/khula-aasmaan/international-online-art-contest.asp>

4. The Times Critical Thinking Championship (TCTC) is a competition for students in Grades 3–12, organized by the Times Foundation. Aligned with NEP 2020, the championship nurtures analytical reasoning and real-world problem solving. The 2026 edition registration is open till July 2026, with the National Finale taking place on September 12, 2026. To register, visit:- <https://quiz.toitctc.com/#joinnow>.

This program is designed in such a manner that once a student is registered, he or she goes through a learning process as a part of this program before participating in the contest. Registered students via TCTC 's insta page can practice quizzes and win prizes as they prepare for few weeks.

Assessments get done online and also via video depending upon the stage a student reaches, eventually leading to semifinals and finals.

1. TheTeacherApp focus in June:

- Webinar on “AI in your everyday life” for QSP teachers, also covering the AI Tools demo.
- Webinar on Competency-Based Learning and Smart Assessment.
- A competition on the usage of AI in a Teacher’s day-to-day activities

Key Focus areas

INSPIRE Awards-MANAK - 'Innovation in Science Pursuit for Inspired Research' (INSPIRE) scheme is one of the flagship programmes of the Department of Science & Technology (DST), Government of India. The INSPIRE Awards - DST is executing MANAK with the National Innovation Foundation – India (NIF)

School Enterprise Challenge 2025-26 – It is an opportunity for school students to become entrepreneurs. Students take the lead to set up a school-based business that generates real profits, which they can use to support their school, wider community, or a social cause. This is a school's national-level award. During the programme, students learn about business (market research, financial literacy, etc.) and they also develop essential life skills (communication, problem-solving, leadership, etc.) that they will need to succeed in the real world. Link to the registration form: <https://forms.gle/h1dqVkJTVxtHuLU1d7>
